

Overseas Buildings Operations

# Future Event

SAVE the DATE - 2 Day Industry Event!

## Industry Days

October 10-11, 2006

Crystal Gateway Marriott, Arlington, Virginia

*Providing Platforms for Transformational Diplomacy*

## Industry Days 2006

### You are Invited!

This year's theme, "Providing Platforms for Transformational Diplomacy," continues OBO's collective momentum and strength in the presentation of its first ever 2-day networking and match making event.

The pace of upgrading security at U.S. embassies around the world has dramatically increased. The worldwide embassy design and construction program now totals \$17.5 billion over 14 years. The Bureau of Overseas Buildings Operations OBO directs the worldwide overseas buildings program for the Department of State and the US Government community serving abroad under the authority of the chiefs of mission.

OBO's mission is to provide safe, secure and functional facilities for U.S. Diplomats and the promotion of U.S. interests worldwide. More than 23 new and safer embassies and consulates have been completed, 40 projects are in design or construction, and 14 more are in the pipeline in 2006. This dynamic organization is at the forefront of the design and construction industry and is a leader in building technology.

Make plans now to attend the event, where large and small firms can explore contracting opportunities in real estate, planning, design, construction, and operations & maintenance all over the world.
